

Tutorial for registering

First, click on the „Kostenlos anmelden“ button, it is in the upper right corner.
A new window appears:

A screenshot of a web browser window showing a registration form. The browser title is 'X Terrain Conflict New-Worlds-Mod - M...'. The address bar shows 'http://www.carooke.com/forum/XTC-New'. The form title is 'Anmeldung zu XTC-New-Worlds-Mod'. It includes fields for 'Benutzername' (Nickname), 'Passwort*' (Password), 'Wiederholung*' (retype password), and 'E-Mail-Adresse*' (your E-Mail account). Below these are fields for 'Vorname' (first name) and 'Nachname' (last name). There are three checkboxes: 'E-Mail-Teilnahme', 'Ich stimme den Nutzungsbedingungen zu.', and two promotional checkboxes for 'Profí Geldsparen.de' and 'TargetNews'. An 'Anmelden' button is at the bottom right.

In this window, type in what i added in red color.

The checkboxes are:

„E-Mail-Teilnahme“:

Every post in the board will be sent to you as E-Mail.

„Ich stimme den Nutzungsbedingungen zu“:

translated: I agree the terms of use

The other two checkboxes are just agreements to receive advertisement via E-Mail, so don't tick them.

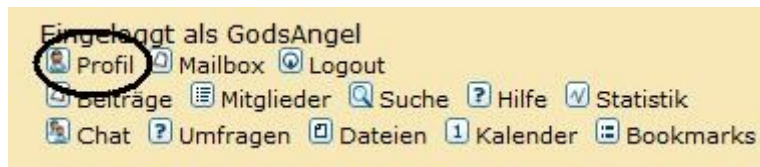

To finish registering, click the „Anmelden“ button at the bottom.

The text appearing now says that you have to validate your E-Mail adress first.

You now should receive a e-mail. There's a link in it, click on it, it's the activation link.

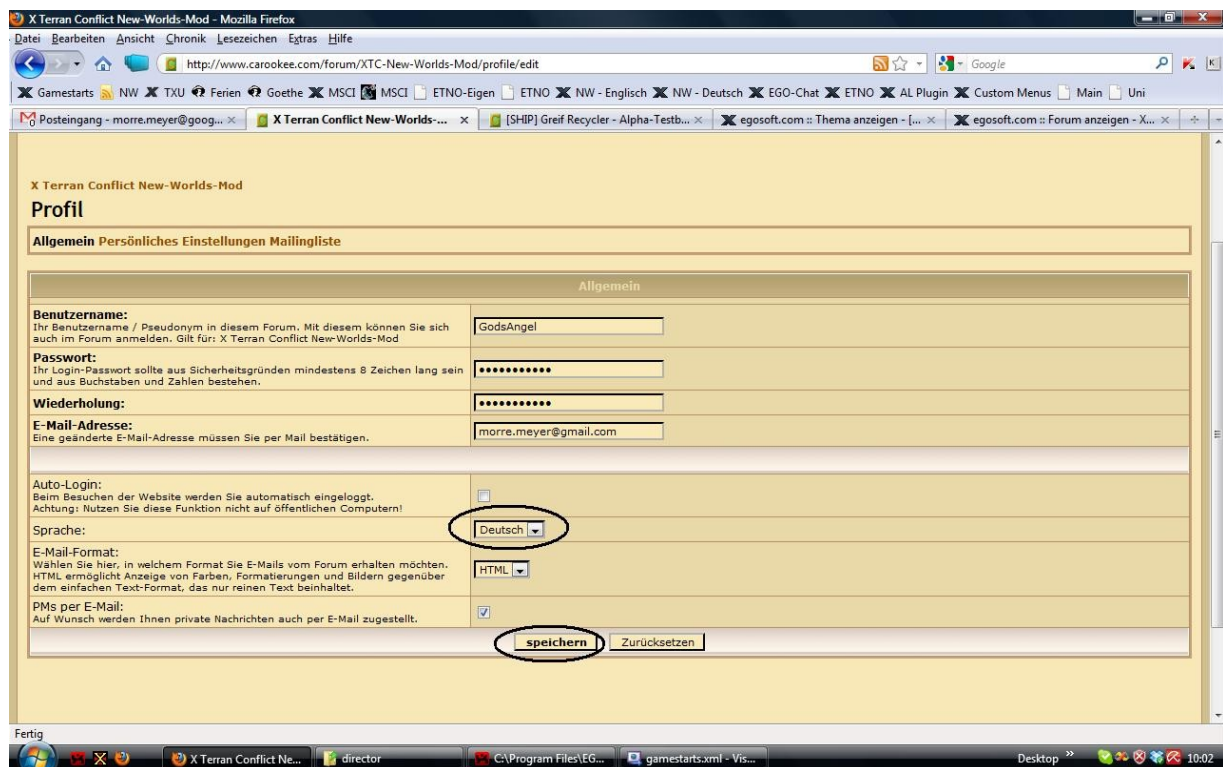

Now you are registered.

To change the board language to English (so that all menus appear in English):

Klick on „Profil“

This should appear:

In the circled dropdown field, select „English“ and then click on „speichern“. Now all the menus should appear in English.
