

TJSBA – KING’S CUP – THAILAND 2011

Our **JET SKI 8** racing fuel has been tested, approved and now recommended by *Franco Dettori* among other JETSKI tuners.

Several tests on engine benches showed a gain of 11 HP compared to AVGAS 100LL and 8 HP compared to the most known ETS’s racing fuel competitors for JETSKI, without a special engine mapping done.

JET SKI 8 has also been tested by other Pacific / Asia JETSKI’s tuner, the reaction was “the performance is great... the gain brought by regular racing fuels is nearly doubled with the ETS **JET SKI 8** !!! ”

After testing **JET SKI 8**, *Nicolas Rius* (2010 King’s Cup winner) told us: “I am very happy with this fuel, as I get a motor increased of 200 rpm with no engine adjustment”.

SPECIAL PROMOTION FOR 2011 KING’S CUP IN PATTAYA:

ETS Racing’s Fuels will promote its **JET SKI 8** racing fuel during KING’S CUP and will support you. 3 816 L are now being shipped in THAILAND, for a delivery date and availability at PATTAYA beach on November 28th / 29th.
